

Alvin Law, CSP

Keynote Speaker & Best-Selling Author

AJL Communications Ltd.

“Living The Power We Possess!”

Alvin Law is an extraordinary storyteller! No surprise considering the story he has to tell. One of Canada’s first “Thalidomide Babies”, Alvin was born without arms. At the time, everyone agreed this was tragic. But Alvin turned tragedy into triumph. His remarkable parents taught him to and encouraged the use of his feet but more importantly made him understand that what was done was done, what was possible was limited only by imagination and the “Power We Possess!”

Alvin is an award-winning trombonist, drummer and vocalist. He even plays the drum and a piano (not at the same time) during his show. In fact, trying to describe what he does is as challenging as Alvin’s life has been.

In straight talk...Alvin’s program will be one you will never, ever forget.

This is, however, not another predictable tale of “person with a physical challenge overcomes obstacles” speech! Like Alvin, there’s more to his story than what’s missing ...much more.

Alvin’s specialty is keynoting. His passion, his energy, his humor and his honesty are genuinely refreshing. No matter how diverse the audience, Alvin brings them to a common place...humanity.

He helps organizations by challenging perceptions, pursuing possibilities and proves by his life alone that the impossible is possible.

Alvin has presented over 7,500 programs on six different continents to over 2,000,000 people since 1981.

He is the best-selling author of "Alvin's Laws of Life...5 Steps To Successfully Overcome Anything".

Alvin is a Certified Speaking Professional (CSP), a designation awarded to less than ten percent of professional speakers in the entire world!

Most important to Alvin, he is married to Darlene (she also runs their speaking business), is father to twenty-something, Vance (and other assorted pets) and they all live in beautiful Calgary, Alberta, Canada.
